

## PRE-SCHOOL EDUCATIONAL PROGRAM

### *What is a GYM BEE?*

Our GymBee Program is our Pre-School educational program geared toward helping young athletes become physically active at a young age. Our program supports ages 10 months through 6 years of age.

The lesson plans will develop coordination, balance and strength, while learning beginning gymnastics skills on scaled-down equipment while providing safe, full-scale FUN!

Babees, Honeybees, Bumblebees and Superbees are all geared toward development so one day your little "BEE" can become a successful athlete.

Have any questions about our GYM BEEES program or any of our other great gymnastics classes? We're here to help. Just ask a staff member or call 330-486-1320.

To register for any of our Educational Gymnastics Programs, visit [www.gymworldtwinsburg.com](http://www.gymworldtwinsburg.com) and register online!

*Over 40 years of proven educational gymnastics experience!*
